In the interest of creating a safe space for loss survivors, most events are specific to survivors of suicide loss. In addition, many events cannot accommodate children and teens. If you have any questions, please contact the event host directly.

Each year, the American Foundation for Suicide Prevention supports hundreds of large and small Survivor Day events around the world, in which suicide loss survivors come together to find connection, understanding and hope through their shared experience. While each event is unique and offers various programming, all feature an AFSP-produced documentary that offers a message of growth, resilience and connection.
